

# Cookie Notice

Cookie Notice & Compliance

## Description

Cookie Notice provides a simple, customizable website banner that can be used to help your website comply with certain cookie consent requirements under the EU GDPR cookie law and CCPA regulations.

Cookie Compliance enhances the functionality of Cookie Notice by providing automated compliance features and better design controls in a state-of-the-art web application.

Cookie Compliance was developed to help small, and medium-sized websites **take the guesswork out of compliance**. We have always taken pride in delivering value to our Cookie Notice users. Through our upgraded Cookie Compliance web application, we can continue to deliver value by helping web admins respect the privacy of their website visitors without affecting their ability to do business.

Bartosz Arendt – original developer of Cookie Notice + VP of Product & Technology @hu-manity.co
